

Energy Intelligence Leadership

“The Mastery of Practicing Wisdom”

After having taught many thousands of leaders about Transformational Leadership, Jeff Patnaude’s newest work is focused on **Leadership Mastery** and the depth of wisdom to be discovered in the emerging science of EI - Energy Intelligence. This is an invitation to those who seek the application of continuing transformation for themselves and their entire organization that is based, not on more information, but on tapping wisdom.

Included in this EI experience:

- Creating the Code - Building the Tribe
- Communication Excellence - Beyond Collaboration
- Taking a Stand - Defining your Why
- Caring - the Defining Factor of Great Leadership
- Telling the Truth - The Power of Transparency and Authenticity
- Creativity - Coloring Outside the Lines, Inventing the Future
- Wisdom - Moving from Entropy to Awe

Outcomes:

- Creating a “Best Place to Work”
- Attracting the Right Talent
- Retaining your Most Important Resource
- Enhancing your ROI
- Motivating Work / Life Flow

The process is held off-site in a Two or Three Day Format. All testing instruments are additional
